

# Year 7 Science - Assessment Task

## Safety Poster

Design a poster for your science classroom. The poster should warn visitors about one of the dangers that could happen in the science laboratory or illustrate on safety rule that should be remembered.

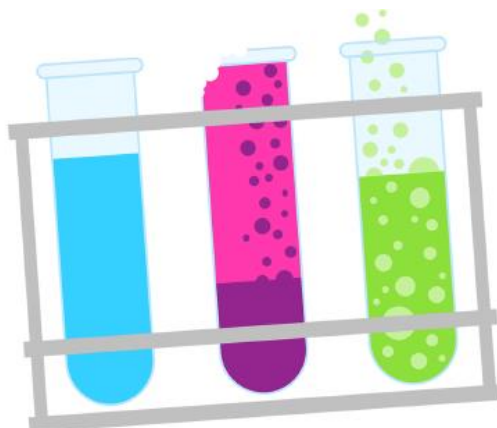

Your poster should:

- Be clear
- Have a simple message so it is easy to read
- Have large writing and pictures so it can be seen from a distance
- Be colourful to attract attention
- Have a border
- Hand drawn (no copy and paste from the internet)

Steps:

1. Make a rough draft or plan of your poster
2. Show the plan to your teacher
3. Make your poster
4. Use the assessment sheet as a check list

Due date: -----
